### **RFMW Ltd., and Qorvo Announce Worldwide Distribution Agreement**

**San Jose, Calif., 7/14/2015** – RFMW Ltd. and Qorvo, Inc. have announced a worldwide distribution agreement effective immediately. Qorvo (NASDAQ:QRVO), a leading provider of core technologies and RF solutions for mobile, infrastructure and aerospace/defense applications, was created through the merger of TriQuint and RFMD. RFMW Ltd. is a specialized distributor providing customers and suppliers with focused distribution of RF and microwave components as well as specialized component-engineering support.

Under the agreement, RFMW is franchised worldwide for all Qorvo IDP (Infrastructure and Defense Products) RF and microwave devices. Qorvo provides standard and custom product solutions for infrastructure and defense markets, and has design, manufacturing, applications engineering and sales/support facilities around the globe. Featured devices include high-power GaN transistors, amplifiers, gain blocks, SAW and BAW filters, frequency converters, oscillators, switches and integrated modules. RFMW maintains a large selection of Qorvo devices in their worldwide distribution centers.

“Expanding our distribution engagement with RFMW worldwide benefits both companies through a larger sales team capable of supporting customers globally with high levels of service, logistics and strategically profiled inventory,” said Christian Lepiane, Qorvo VP of Global Sales, Infrastructure and Defense Products.

“By extending our global coverage, RFMW is able to help more customers find the Qorvo solutions they’re looking for. Our team is very familiar with both TriQuint and RFMD products enabling RFMW to provide the best solution for the customer’s application,” said Joel Levine, President and CEO of RFMW. “This familiarity also equips RFMW with the knowledge to inventory the right products for legacy and future designs. Supporting Qorvo customers in these new territories broadens market exposure and provides enhanced service levels to an ever-growing customer base.”
