### **RFMW Ltd., Opens Sales Office in Russia**

**10/15/2013 – San Jose, California:** [RFMW Ltd.](http://www.RFMW.com), today announced the opening of direct sales offices in Russia. With locations in Moscow and St. Petersburg, the new sales organization will support customers in the Russian Federation, Ukraine, Belarus, Armenia, Georgia and Kazakhstan. RFMW is a specialized distributor that uniquely provides customers and suppliers with focused distribution of RF/microwave components as well as customer specific component engineering support. These direct sales offices allow RFMW to quickly and effectively introduce products from RFMW's suppliers into RF/microwave design centers and OEMs currently located within these areas, and support the supply chain to contract manufacturing locations there or worldwide.

According to Joel Levine, president of RFMW, "We are responding to this area's rapidly growing demand for commercial as well as military RF/microwave components. Led by Dmitry Burmistrov as the Country Manager, RFMW Russia brings a sales/applications team of technically experienced, local personnel to this market with specific customer, applications, and product knowledge. These local, RF/microwave focused offices are empowered to quickly link RFMW's suppliers to the territory's customers looking for leading edge, RF/microwave components."

Peter Saxby, European Sales Manager for RFMW added that "RFMW will leverage our cutting edge, information technology system to enhance the support we provide to the Russian market. We are able to provide customers and suppliers real-time, continuous information, from initial inquiry to final invoice, using our closed-loop, global enterprise system. Linking this tool directly to RFMW's team of highly technical product managers allows us to efficiently provide immediate answers to customers and suppliers. The end result is RFMW's unique ability to deliver state-of-the-art solutions that enhance both customer and supplier satisfaction."

#### **About RFMW**

RFMW Ltd. is a specialty electronics distribution company focused exclusively on serving customers that require RF and microwave components and semiconductors, as well as component engineering support. The company continues to expand its list of products from selective suppliers with RF/microwave expertise. RFMW deploys a highly experienced, technically skilled team to assist customers with component selection and fulfillment.
