RFMW Ltd., Opens Sales Office in Sweden

7/15/2015 – San Jose, California: [RFMW Ltd.](http://www.RFMW.com), today announced the opening of direct sales office in Sweden. The new sales organization will support customers in Denmark, Finland, Norway, Sweden and the Baltic states (Nordic).

According to Joel Levine, president of RFMW, “We are responding to this area’s continued growth and demand for commercial as well as military RF/microwave components. Led by Amir Emdadi as the Regional Manager, RFMW Nordic expands our sales/applications team of technically experienced, local personnel into this market with specific customer, applications, and product knowledge. This local, RF/microwave focused office is empowered to quickly link RFMW’s suppliers to the territory’s customers looking for leading edge, RF/microwave components.”

Christian Grieswelle, Director of Sales, Europe, added that “RFMW will leverage our cutting edge, information technology system to enhance the support we provide to the Nordic market. We are able to provide customers and suppliers real-time, continuous information, from initial inquiry to final invoice, using our closed-loop, global enterprise system. Linking this tool directly to RFMW’s team of highly technical product managers allows us to efficiently provide immediate answers to customers and suppliers. The end result is RFMW’s unique ability to deliver state-of-the-art solutions that enhance both customer and supplier satisfaction.” RFMW is a specialised distributor with a focused distribution of RF/microwave components as well as customer specific component engineering support.

About RFMW

RFMW Ltd. is a specialty electronics distribution company focused exclusively on serving customers that require RF and microwave components and semiconductors, as well as component engineering support. The company continues to expand its list of products from selective suppliers with RF/microwave expertise. RFMW deploys a highly experienced, technically skilled team to assist customers with component selection and fulfillment.
